

Please do not end the ban on cross ownership of media outlets {newspapers and radio stations, TV stations, etc} as it would further erode the quality of journalistic integrity as well as diversity in music all Americans are experiencing more and more of today. This is my plea. Our culture is in decline. So many people already distrusts the media as it is. So many Americans are suffering a deterioration of quality of music due to corporations owning 8 radio stations in a community. This is the United States of America, the greatest nation on earth. We as citizens demand freedom from the tyranny of corporations who tell us what to listen to, what to think with news outlets, and what to buy with product placements saturating us like bombs falling on Kabul. Please listen to the people.
